

Department of Heavy Industry (DHI), Govt of India, has taken initiative to promote technological innovation and to develop the related eco- system for advancement of technology in the country. To facilitate this initiative, International Centre for Automotive Technology (ICAT), has created a technology platform, in the form of an e-portal, named “ASPIRE”, to foster the development of new technologies in the automotive domain . Auto industry ( OEM, Tier 1, Tier 2 & Tier 3 companies etc), R&D institutions and academia (colleges & universities) can participate at this e-portal and can seek or provide technology solutions, suggestions, expert opinions etc.

**Live Since July 15<sup>th</sup> 2020**

## INPUTS

- Industry Problems
- Manufacturing Problems
- Design Issues
- Field Issues
- No Technology Available
- Grand Challenges

### Expert Opinion

### Project Creation

### Pool of Experts

# ASPIRE

### R&D

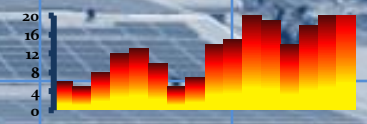

### Market Research

### Tendering

## OUTPUTS

1. New Technology
2. Problem resolution
3. Innovation
4. New Product
5. Manufacturing & Process Technology Development
6. Improved Quality
