SAEINDIA NIS AWIM Jet Toy and Skimmer Regional Olympics 2017 for NCR Region was conducted successfully on a prodigious scale at Mapple Emerald Hotel, Rajokri on 25th October, 2017 amongst the myriad of enthusiastic students and teachers from schools all over NCR.
Over 150 students from nearly 15 schools across NCR participated in the competition for both the categories. The event was supported by over 40 Industry volunteers from Maruti Suzuki India Ltd. and over 40 University volunteers from IGDTUW, DTU, KIET, IPEC and Jamia Millia Islamia.
Lamp Lighting

With the auspicious tradition of inauguration lamp lighting by Mr. Alok Jaitely, Mr. Rakesh Sood, Mr. Sanjay Gupta, Mr. Anil Gupta, Vidya school and Ms. Aradhana Purohit, CCA school; AWIM Regional Olympics was declared open. It was followed by an enthusiastic opening speech by Mr. Alok Jaitely, Mr. Rakesh Sood. Ms. Khyati and Mr. Sanjay, volunteers from IGDTUW and Jamia Millia Islamia respectively managed to pump up the myriad of emotions in the students as well as teachers.
Soon after the welcome speech by dignitaries, the fabrication round were embarked upon. The teams had to fabricate their vehicles magnificently and perform testing in the given specified time. The teams also had to do the preparation of Presentation charts and aesthetic models of their Jettoy/Skimmer in which they were supposed to represent the unique special features of their vehicle and the reason why it stands out from the vehicles of present age, to the judges.

**Teachers Event**

While the students were busy with the preparation of track and presentation rounds, the teachers were occupied with the event planned for them. 1st task was to make a fish and a fan with a paper. The teachers put their thinking caps on and did best of their efforts. The teachers were divided into teams and competition was held among them. The teachers enjoyed the ice breaking task to the fullest. The topic for 2nd event was “Creative and Implementational learning- Some Ideas”. Here the teams of teachers have to present their ideas creatively in charts. The teachers became the students and did skits to present their ideas.

Track Round:

All the students were relentless and showcased excellent technical and manipulation skills with the nozzle sizes, balloon inflation diameter and many more aspects of the Jet Toy for different track rounds such as highest accuracy, maximum distance, maximum speed, maximum time and weight carrying ability. Students gave a good show and were prompt and smart enough to deal with all the problems they faced throughout the event.
Similar trends were observed with the teams competing in the skimmer challenge. Student design teams changed the shapes and sizes of the sails accordingly for various track events namely, highest speed, turn ability, highest accuracy, maximum distance, maximum speed and weight carrying ability.

All the teams were adept in fabricating and launching their Skimmer for the final track rounds.
Presentation Round:

While some of the teams were anticipating for their testing rounds, the rest of the teams were busy with the presentation round, where students had to introduce the ideas they would incorporate in the toy and its unique features with the help of a chart and a demo/aesthetic toy. Students had to come up with team name, logo, toy’s name and unique features of the toy. Children devised innovative toys that could fly, run on water which was aided by their creativity and imagination.
A distinguished panel of judges judged these toy cars on various parameters.
Student Performances
After the presentation and track rounds, the results compilation started. Meanwhile students showed their exemplary talent on stage by Singing & Dancing.

Chief Guest

The Event was graced by Mr. I V Rao, Executive Advisor, Maruti Suzuki India Ltd. & Chairman, Engineering Education Board, SAE INDIA.

He inspired the crowd with his words during his speech.
Giving back to the society

This year AWIM presented a cheque of INR 10,000 to All India Confederation of Blind
Feedback

As said “There is always room for improvement” Feedback was invited from Teachers and Students. Teachers appreciated the event management. The students also enjoyed the competition. One teacher hoped to have more number of school participation next year.
The teachers team which won the Teachers event of “Creative and Implementaional learning- Ideas” was also awarded on stage.

Like the previous years, this year as well we witnessed a successful and a glorious event. And then finally the event reached its dusk and the most awaited time, i.e. the results were announced.
Results
The hard work of more than 150 students, coordination of more than 15 schools and efforts of around 80 volunteers and the indispensable support of Maruti Suzuki finally paid off well.

Winning teams for AWIM Regional Olympics’17 were as follows:

JETTOY:
1. PRESIDIUM SCHOOL, sector-57, Gurugram
2. DELHI PUBLIC SCHOOL, HRIT, Ghaziabad
3. ROTARY PUBLIC SCHOOL, Gurugram

SKIMMER:
1. DPS, DLF City, Gurugram
2. VIDHYA SCHOOL, Gurugram
3. CCA SCHOOL, Gurugram

The winning teams i.e. First and Second Position holder from Jet Toy category and First position holder from Skimmer category will represent NCR in the nationals that are to be held in December’2018.
